Restoration Division (SSHEAR)

OFF-CHANNEL SITE INVENTORY DATA

General Information:

Region: North Coast

Observer(s): Powell

River System: Sol Duc River

Date: 2/15/96

Site Identifier: S-303R-01

WRIA: 20.0303A

River Mile Location: 0.2 mi

RB/LB: RB

Local Name: Unnamed

Trib. to: 20.0303

Legal Description: SE¼ Sec36 T29N R14W

County: Clallam

Habitat Type: Terrace tributary

Landowner: ☐ Federal ☒ State ☐ County ☐ Other Government ☐ Private
- Washington Department of Natural Resources

Directions to site: Head north from Forks on Hwy 101. Turn left just beyond mp 193 (1.0 mi. north of Forks) onto the La Push Rd. Proceed west on La Push Rd about 3.1 miles. Turn right onto the Quillayute Rd. and take the first right into the Rayonier Timber Co. yard. Take an immediate left onto a concrete bridge that crosses the Sol Duc River. There is a gate on this bridge (all keys can be obtained, or arrangements can be made at the ROTC office). Follow this road (RY-5000) for 0.1 mi after the bridge crossing, to a right spur with another locked gate. Follow this road for 1.4 mi to a failed bridge crossing; this is S-0303. Follow S-0303 upstream for ~400m. S-303R-01 is the first right bank tributary encountered.

Site Overview: This system originates in an alder bottom, and there are a couple of high gradient tributaries that also feed this channel. This small channel is more conducive to resident trout but numerous coho fry were observed in the early spring.

Habitat Information:

Water source:

- Springs, surface runoff, and high gradient tributaries.

Intermittent/year-around:

- Probably year-around

Estimated flows (gpm): 75 - 100

Water temperatures: 6.5° C

Adjacent stream temperature: 6° C (20.0303)

Other water observations:

RIVER: SOL DUC

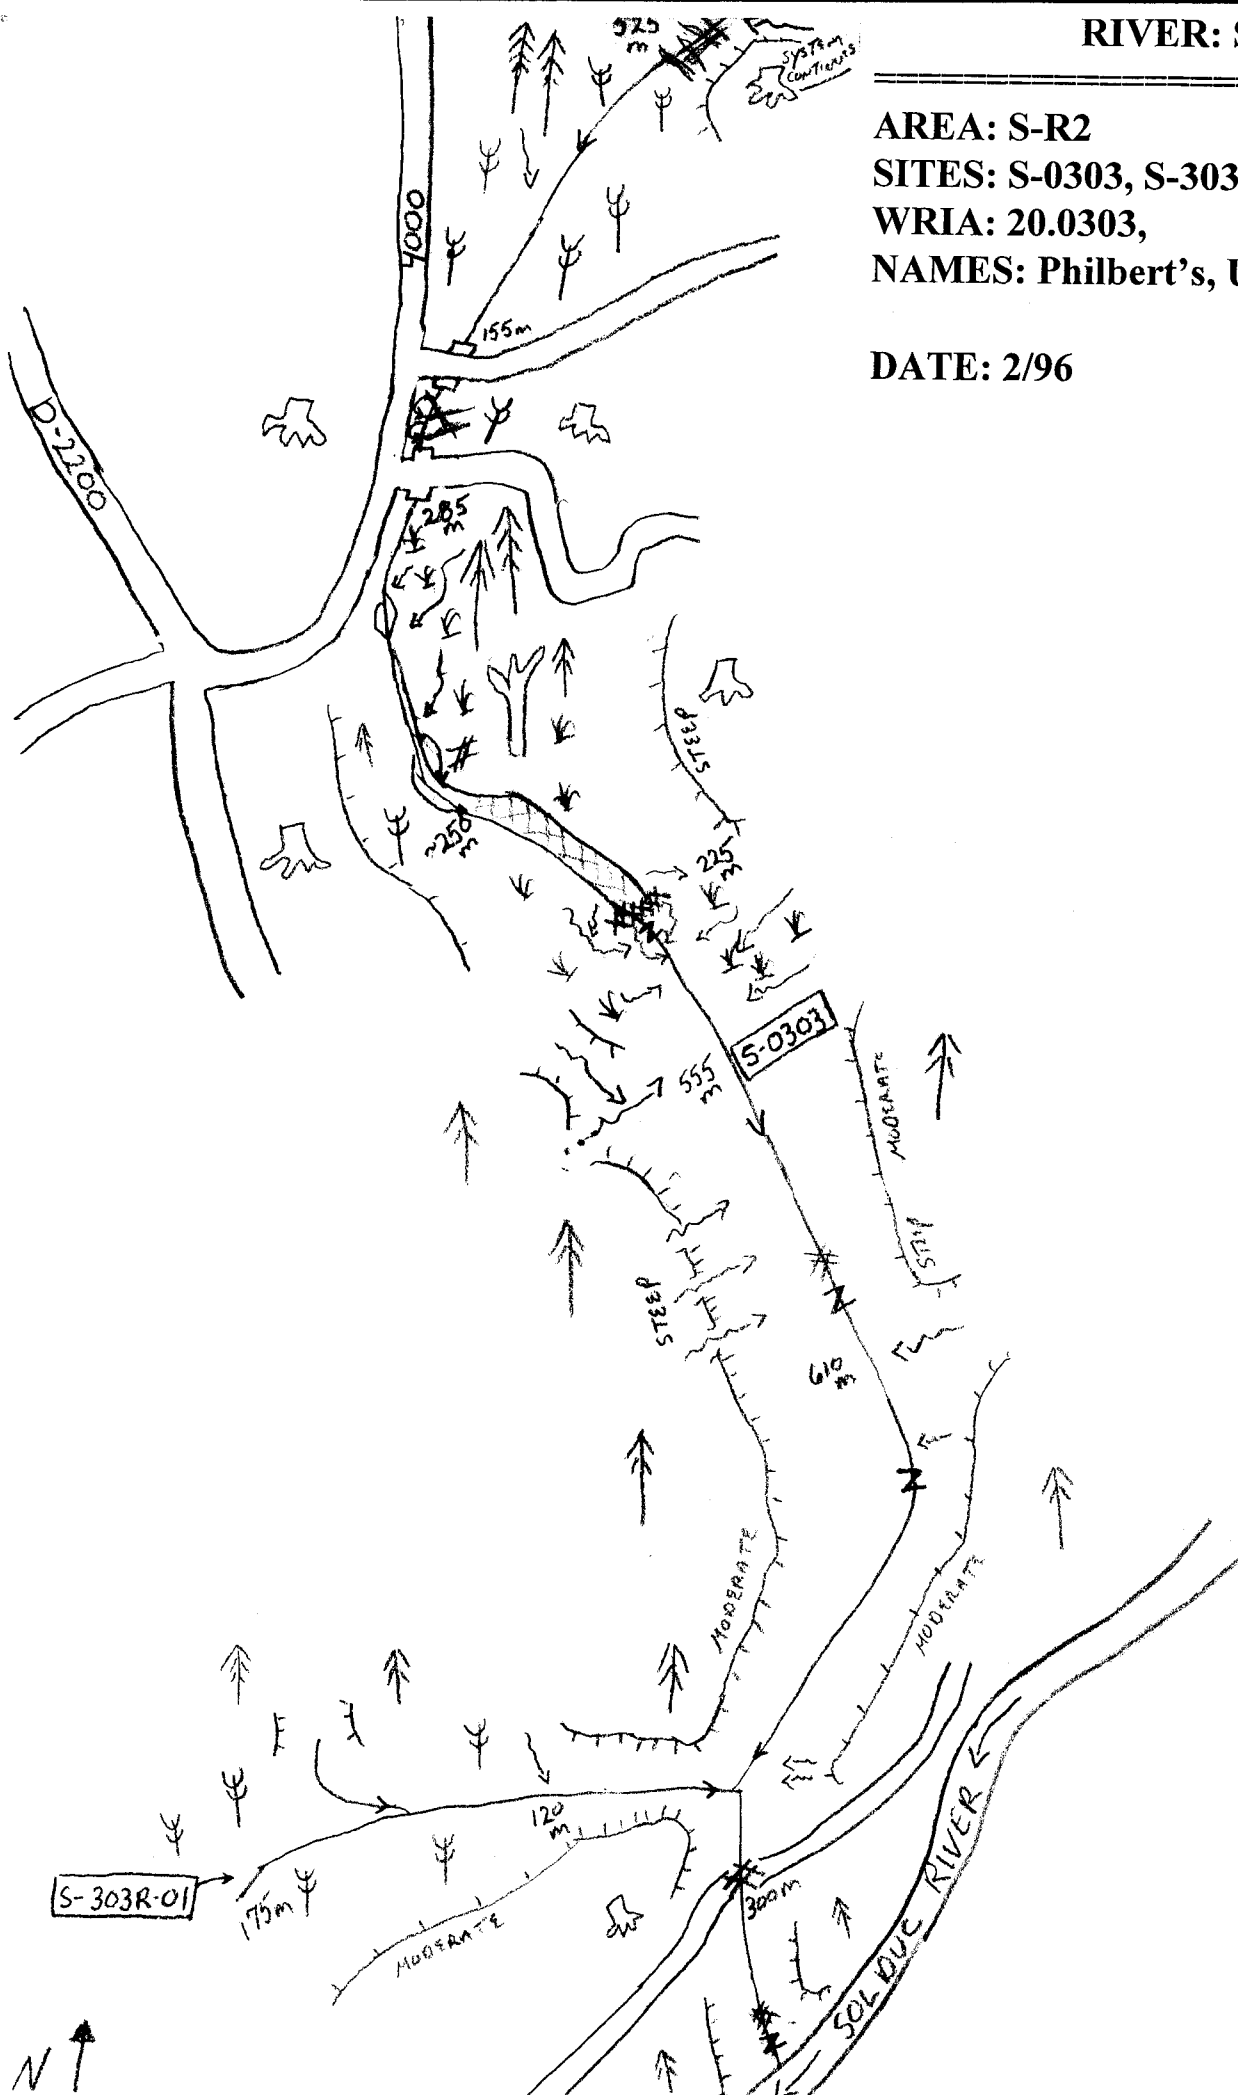

AREA: S-R2
